A Message from our Leader New Membership Drive

With the springtime passing into summer, we wanted to let you know what is new at Weld Community Credit Union, specifically our membership growth initiative.

The more members we have, the better services we're able to provide; and you may have noticed recently, it also means better rates we can offer across loans and saving accounts. It truly pays to be a member, and this is especially true as we grow. Growth also allows us to deepen our support of needs in the community.

In Weld County we work hard and play hard, and this makes our community more economically vibrant than certain large metros. This has not gone unnoticed, and so you may have seen big-box credit unions opening up around Greeley, instead of focusing on their own communities.

In response, we are doing everything we can to roll out the red carpet to new members and attract more people to join the credit union. Our membership growth rate is already among the highest, and we would like to see even more people join because of how growth is beneficial to all members.

So please share the secret, and encourage your friends and family to come join Weld Community Credit Union. We greatly appreciate it, and thank you for being a member.
